The Sacramento Weekend Drivers Triple Win:

The object of this game is to pick one player from each flight, during a medal play tournament, add their net scores and the lowest total score wins. For a two dollar entry fee, you will be asked to pick one player from the Men's A flight, the Men's B flight and the Women's flight. At the end of the tournament the net scores from those three players will be added together to form a composite ticket score. The ticket with the lowest composite score will win the money in the pot. All ties will be divided evenly.

Triple Play Results, Green Tree Golf Course, March 15, 2008

In the end, the first go round of the club's Triple Play handicapping contest ended in a dead heat! A total of 25 tickets were played, almost 65% of the players in the field took a shot at the pot. As long as there is continued interest, there will be playing slips at every medal play tournament this year. Bill Fung and Roland Fong picked different players in the Women's and Men's A flight and still ended up tying each other for predicting the three players from each flight with the lowest total net score of 230. They will be splitting the \$50 pot. Here are the results from the inaugural contest with each contestants results (some contestants played more than one betting slip):
